Ballarat Base Hospital

1992/93

#### » Certification «

In our opinion the financial statements of the Ballarat Base Hospital comprising statement of cash flows, balance sheet, statement of changes in equity, revenue and expense statement and notes to the financial statements have been prepared in accordance with the provisions of the Annual Reporting Act 1983 and the Annual Reporting (Contributed Income Sector) Regulations 1988 as amended.

In our opinion the financial statements present fairly the financial transactions for the year ended 30 June, 1993 and the financial position as at that date of the Ballarat Base Hospital.

At the date of signing the financial statements we are not aware of any circumstances which would render any particulars included in the Statements to be misleading or inaccurate.

### >> Auditor-General's Report <<

### AUDIT SCOPE

The accompanying financial statements of the Ballarat Base Hospital for the year ended 30 June 1993, comprising statement of cash flows, balance sheet, consolidated statement of changes in equity, revenue and expense statement and notes to the financial statements, have been audited. The members of the Hospital's Board of Managenient are responsible for the preparation and presentation of the financial statements and the information they contain. An independent audit of the financial statements has been carried out in order to express an opinion on them as required by the Annual Reporting Act 1983.

The audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance as to whether the financial statements are free of material misstatement. The audit procedures include an examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial statements, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial statements are presented fairly in accordance with Statements of Accounting Concepts and Australian Accounting Standards and comply with the requirements of the Annual Reporting Act 1983, so as to present a view which is consistent with my understanding of the financial position of the Ballarat Base Hospital and the results of its operations and its cash flows.

The audit opinion expressed on the financial statements has been formed on the above basis.

#### AUDIT OPINION

In my opinion, the financial statements present fairly the financial position of the Ballarat Base Hospital as at 30 June, 1993 and the results of its operations and its cash flows for the year ended on that date in accordance with Statements of Accounting Concepts and Australian Accounting Standards and comply with the requirements of the Annual Reporting Act 1983.

C.A. BARAGWANATH, Auditor General

Notes to and forming part of the financial statements for the year ended 30th June, 1993.

### NOTE 1: STATEMENT OF ACCOUNTING POLICIES

The financial statements of the hospital have been prepared in accordance with the provisions of the Annual Reporting Act 1983 and the Annual Reporting (Contributed Income Sector) Regulations 1988 as amended. These Regulations incorporate by reference relevant accounting standards issued jointly by the Institute of Chartered Accountants in Australia and the Australian Society of Certified Practising Accountants.

- (a) <u>ACCRUAL BASIS</u>. Except where otherwise stated, these financial statements have been prepared on the accrual basis whereby revenues and expenses are recognised when they are earned or incurred, and are brought to account in the period to which they relate.
- (b) <u>HISTORICAL COST BASIS.</u> The financial statements have been prepared on the bistorical cost basis whereby assets are recorded at purchase price plus costs incidental to the acquisition and do not take into account changing money values nor the current cost of non-current assets (unless specifically stated).
- (c) ROUNDING OFF, All amounts shown in the financial statements are expressed to the nearest dollar.
- (d) <u>Investments</u>. Investments are valued at cost and are classified between current and non-current assets based on the Hospital Board of Management's intentions at balance date with respect to timing of disposal of each investment. Interest revenue from investments is brought to account when it is earned.
- (e) <u>Depreciation</u>. Assets with a cost in excess of \$1,000 are capitalized and depreciation has been provided on depreciable assets so as to allocate their cost or valuation over their estimated useful lives using the straight-line method. The depreciation charge is not funded by the Department of Health and Community Services Victoria.
- (f) STORES. Stores are valued at the lower of cost and net realisable value. Cost is determined principally by the first-in, first-out method.
- (g) EMPLOYEE ENTIFIEMENTS. Based on pay rates current at balance date.

#### Long Service Leave

Provision for long service leave is made on a pro-rata basis for all employees who have completed five or more years of service. Generally, the entitlement under various awards becomes payable on a pro-rata basis upon completion of ten years service. The proportion of long service leave estimated to be payable within the next financial year is included in the balance sheet under current liabilities. The halance of the provision is classified as a non-current liability.

#### Annual Leave

The hospital's accrued liability for annual leave at 30th June 1993 is classified as a current liability and included in accrued expenses.

#### Accrued Days Off

The Hospital's obligation in respect of accrued days off not taken at 30th June 1993 is classified as a current liability and included in accrued expenses.

- (h) <u>DONATIONS.</u> Donations for capital purposes are recognised as contributed capital. Donations (other than Capital) are recognised as revenue when the cash is received.
- (i) <u>FUND ACCOUNTING.</u> The Hospital operates on a fund accounting basis and maintains four funds heing Operating, Specific Purpose, Endowment and Capital funds. The Hospital's Capital and Specific Purpose Funds include unspent donations and receipts from fundraising activities conducted solely in respect of these funds. Separation of the funds from the Operating Fund is required under the Health Services Act 1988.
- (j) SERVICES SUPPORTED BY HEALTH SERVICES AGREEMENT AND SERVICES SUPPORTED BY HOSPITAL AND COMMUNITY INITIATIVES. The Activities classified as substantially funded Services Supported by Health Services Agreement are by the Department of Health and Community Services while Hospital and Community initiatives are funded by the Hospital's own activities or local initiatives.
- (k) LEASED EQUIPMENT. A distinction is made between finance leases which effectively transfer from the lessor to the lessee substantially all the risks and benefits incidental to ownership of leased non-current assets, and operating leases under which the lessor effectively retains all such risks and benefits. Where a non-current asset is acquired by means of a finance lease, the minimum lease payments are discounted at the interest rate implicit in the lease. The discounted amount is established as a non-current asset at the beginning of the lease term and is amortised on a straight line basis over its expected economic life. A corresponding liability is established and each lease payment is allocated between the principal component and the interest expense.

Operating lease payments are representative of the pattern of benefits derived from the leased assets and accordingly are charged against revenue in the periods in which they are meurical.

(I) REVENUE RECOGNITION. Revenue is recognised at the time when goods are sold or services rendered.

#### (m) Non-current Assets

The gross proceeds of sale of non current assets have been included as operating revenue providing fund inflows while the written down value of the assets sold has been shown as an operating expense requiring fund outflows.

- (n) <u>Private practice fees</u>. The apportionment of private practice fees between the hospital and sessional practitioners is based on the arrangements between the parties.
- (o) GOODWILL. Purchased goodwill amounting to \$134,000 is being amortised over a ten year period.
- (p) <u>DEFINITION OF CASH.</u> For the purposes of the statement of each flows, the Hospital considers each to include each on hand and in banks and investments in money market instruments.

### NOTE 20: UNFUNDED SUPERANNUATION LIABILITY

The Hospital contributes on behalf of all eligible employees to the HOSPITALS SUPERANNUATION FUND.

A basic benefit of 5% of employee salary is financed for each employee. This commenced in July 1988 as a 3% productivity pay increase. In addition employees can contribute 3% or 6% of their salary to a contributory scheme. The Hospital further finances the scheme for contributors in accordance with the HSB guidelines calculated on the amount of the contribution by each employee.

The notional share of unfunded superannuation liability attributable to the Hospital has been advised by the HOSPITALS SUPERANNUATION BOARD as \$5.874 million.

The total amount of contributions made by the Hospital to the above fund during the past financial year, is as follows:

| Contributing members Non-contributing basic 5% |  | 1,041,162<br>1,185,570 |
|--|--|------------------------|
|  |  |                        |
| Total contributions to HSB                     |  | 2.226.732              |

The amount in respect of any contributions outstanding in respect of the financial year is NIL.

In accordance with Section 29(2)(a) of the HOSPITALS SUPERANNUATION ACT 1988, contributions of the Hospital are calculated as a percentage of the employee's salary. Separate contributions are determined for basic benefits and optional contributory benefits in accordance with Section 29(3). The rates for 1992/93 are, for all Class A participating institutions:
