## ANNUAL REPORT

OF THE COMMITTEE OF MANAGEMENT FOR THE TWELVE MONTHS ENDED 30th JUNE, 1969.

To the Life Governors and Contributors.

Ladies and Gentlemen,—

On behalf of the Committee of Management, I have the honour to present the Annual Report and Financial Statements of the hospital for the year ended 30th June, 1969.

**SERVICE:** The hospital in a modern society is becoming a more sophisticated institution as each year goes by, and during the last twelve months, this pattern has continued.

It is now over a year since DR. W. A. SLOSS HOUSE was officially opened, and I feel that all would agree that the operation of this block has materially improved the services available to the community. The new casualty department has functioned most efficiently and in fact 22,393 casualty patients were treated during the year. In addition, the new operating theatre suite has proved to be such an improvement on the theatres it replaced, that when one looks back it is difficult to imagine how the staff coped in carrying out the number of surgical procedures that they did in the old theatres.

For the year the daily average of inpatients hospitalized was 184.4, which was slightly lower than last year, however, the number of inpatients treated was 6,834, an increase of 885. These figures are pleasing as it has meant that the average length of stay in hospital has decreased by 1.6 days to a figure of 9.8 days.

As in the past, the hospital has been active in its role as Base Hospital for the region, and regular visits have been made by pathology and physiotherapy staff to regional hospitals. Regional advisory meetings between Managers and Matrons of regional hospitals have also been held at the hospital, and these have been of benefit in resolving problems and creating a better understanding between the various hospitals.

**BUILDINGS AND EQUIPMENT:** Although no major building development took place during the year several important projects were carried out. After many years of operation, alterations were made to the X-Ray department, and a new x-ray plant was purchased to replace the old equipment which was over twenty years old. A new x-ray section was also established in DR. W. A. SLOSS HOUSE, thus alleviating the necessity to transport casualty patients to the main x-ray department. The worth of this is already evident, as x-rays can be carried out much faster, and with less discomfort to the patient than previously. Another important development was the remodelling of the outpatient clinic area, which was completed by the local firm of W. G. Feary & Son. During the progress of this work, arrangements were made to conduct outpatient clinics in the old casualty area and this proved quite successful, and did not disrupt the services available to outpatients. The next stage of the building programme currently being developed by the Committee is the remodelling of Yuille House. Tenders will be called shortly and it is expected that work will commence in February of next year. On the

completion of this project, the available accommodation of the hospital will be increased by 20 beds, and the standard of accommodation available in YUILLE HOUSE greatly improved. Several items of equipment were purchased for use in the pathology department, and with the continual expansion of pathology services the purchase of auto analysers is at present being contemplated.

Many smaller items of equipment were purchased for the various hospital departments, and all of these were purchased with a view to them contributing to the provision of better patient care.

**STAFF :** Fortunately there have been comparatively few staff changes at a senior level this year, and in all a stable staff establishment has been maintained. All members of the staff have continued to carry out their duties most efficiently, and the Committee express sincere appreciation to the staff. In the past trouble has often been experienced in obtaining trained personnel in the medical ancillary departments, and it is pleasing this year that we were not faced with this problem. All medical ancillary departments have been fully staffed and it is felt that the hospital practice of awarding student bursaries has been beneficial in this regard. The members of the Honorary Professional Staff have again given splendid service, and we express our thanks to them.

**COMMITTEE :** I express appreciation to the Committee for their loyalty and enthusiasm at all times during my term of office. We were unfortunate to lose the services of Mr. J. Harrison, who resigned from the Committee on 15th December last, due to a transfer away from the district in his employment. Mr. I. Tweedie also resigned on 30th April this year, due to increased business commitments, after over eight years of service, and to both of these gentlemen we express thanks. Mr. W. Cochran and Mr. K. Kemp were elected to the Committee during the year, and we welcome these gentlemen to what we are sure will be a long and satis-

fying association with the hospital. The year has been a busy one for the Committee with planning of the building development programme, and the conduct of a successful major building appeal.

In accordance with the By-Laws, Messrs. W. R. Griffiths, J. B. Vernon, K. J. Neerhut, R. P. Strickland and K. F. Kemp retire, and being eligible, offer themselves for re-election.

Medical Superintendent, Dr. J. H. Begg and Matron M. S. Ogden inspecting the Outpatient Clinic Area where extensive alterations were carried out.

**HONORARY LIFE GOVERNORS :** The services of the following were recognized in their appointment as Honorary Life Governors: Mesdames J. Hobill and R. Stevens of the "Mary-Helen" Auxiliary.

We are extremely grateful to these persons for the valuable contribution they have made to the hospital.

**FINANCES :** From a financial aspect the year could be considered a reasonable one. Expenditure exceeded income by \$28,604 and in view of the fact that over 1.5 million dollars was expended this was an acceptable result. Salaries and wages paid to the staff amounted to \$1,105,064 which is 71.8% of the total expenditure of the hospital. During the year several increases in Wages Board Determinations occurred, which increased the anticipated expenditure, and as these were beyond the control of the Committee of Management they could not be included in original budget submissions.

A point of very real concern is the amount of fees outstanding, particularly those incurred as a result of treatment given to patients who are injured as a result of a motor car accident. The amount outstanding in non-qualified fees is \$105,976 and with the increasing delay in the settlement of legal claims, this figure will undoubtedly continue to rise. It would appear that in the future, an appraisal will have to be made at Government level, of the present system of settling accounts of this nature, as with delays of up to three years in obtaining settlement, the cash position of the hospital causes serious concern. As a point of interest, I understand that Victorian hospitals are collectively owed a sum of two million dollars by patients who were injured in accidents involving motor vehicles.

A further point of interest is that for the past year the average cost per day to treat an inpatient was \$18.99. For the same period the average number of pensioner inpatients treated per day was 57.4 and as the hospital only receives \$5.00 per day from the Com-

monwealth Government for treating patients in this category, it can be seen how difficult it is for the hospital to balance expenditure against income. In this regard, we express thanks to the Hospital & Charities Commission, and the many supporters of the hospital, for the financial assistance received during the last twelve months.

**GENERAL :** We were delighted to learn in the Queen's Birthday Honours List, that Miss J. M. Langham had been awarded the O.B.E. for her services to the nursing profession. Miss Longham was Motron of the hospital from 1946 until her retirement in 1967, and being recognized in this manner is a fitting tribute to this lady.

The 1969 "Yuille House" Appeal was most successful, and the report of Dr. I. C. Goy the Appeal Chairman, appears elsewhere in this report. I would like to thank Dr. Goy for the able manner in which he guided the Appeal Committee, and the various sub-committees which contributed to the success of the Appeal. I would also record thanks to Mr. W. I. Layther for his contribution as Appeal Co-Ordinator. The fact that the target of \$50,000 was surpassed by \$5,000 is in itself a significant guide as to how well all those associated with the Appeal worked.

To all members of the Appeal Committee, the sub-committees, and the parents and Committees of the Baby Quest contestants, I wish to express the sincere appreciation of the General Committee. I would also express grateful thanks to the members of the "Mary-Helen" Auxiliary and all other organizations for their continued support and assistance in raising funds and providing amenities for the patients.

In conclusion, I would also thank the Ballarat "Courier," 3BA and BTV 6 for their willing assistance and co-operation at all times during the year.

W. R. GRIFFITHS, President.

## LEGACIES AND OTHER GIFTS UNDER WILLS

The hospital is frequently thought of when people are making wills. Money thus made available is used for furthering the building programme and, where possible and desirable, perpetuates the name of the testator in connection with the project to which it is applied.

The Committee of Management gratefully acknowledges receipt of the following amounts during the year.

## APPEAL COMMITTEE'S REPORT

The "1969 Yuille House Development Appeal" passed its target of \$50,000 by \$5,000. Gross receipts were \$59,181 and after deducting appeal expenses of \$4,165 a net result of \$55,016 was achieved.

The gratifying results of this campaign are largely due to the excellent Appeal Committee, comprising Messrs. W. R. Griffiths, J. Hanford Stevens, J. Vernon, K. J. Neerhut, R. A. Must, J. H. Heinz, J. W. John, I. W. McVilly, W. I. Layther, Drs. J. Griffiths and T. Roberts.

Six sub-committees were formed as follows:—

Publicity (Chairman, Mr. K. H. Neerhut), Baby Quest (Chairman, Mr. J. W. John), Air Pageant (Chairman, Mr. J. B. Vernon), Key Gifts (Chairman, Mr. J. H. Heinz), Trusts (Chairman, Mr. R. A. Must) and Sportsmen (Chairman, Dr. T. V. Roberts).

The work done by these sub-committees was responsible for the success of the campaign, publicity was excellent with generous co-operation from the "Courier," 3BA and BTV 6. Tremendous work and organisation by the Air Pageant Committee, with generous help by the Bollarot and Wendouree Apex

Clubs, made a good programme and outing for the public, but the weather was not kind on the day. The Baby Quest was a great success due to the efforts of Mr. J. W. John and his Committee. The Trusts and Key Gifts did exceptionally well. Sportsmen's functions were well organised and provided good value for the public, but bad weather negated the efforts on one or two occasions. The introduction of "named gifts" was instrumental in raising \$7,330.

It is worth recording that efforts of the hospital staff were responsible for raising \$5,000, which demonstrates the remarkable "goodwill" of this institution.

Finally, I would like to thank all members of Committees and everyone who has assisted us in this appeal. Mr. W. I. Layther (Appeal Co-ordinator), Mr. D. Rees (Appeal Publicity Officer) and Miss C. Stevens (Baby Quest Committee Secretary) merit special mention and praise for their consistent and intelligent organisation.

On behalf of the "1969 Yuille House Development Appeal" Committee.

IAN C. GOY, M.R.A.C.P., F.C.R.A., F.F.R. (Lond.).  
(Appeal Chairman).
