THE THIRTY-FIRST ANNUAL REPORT

OF THE

COMMITTEE OF MANAGEMENT

OF THE

STAWELL HOSPITAL AND BENEVOLENT ASYLUM.

FOR THE YEAR 1889.

To the Governors, Subscribers, and Contributors of the Stawell Hospital and Benevolent Asylum.

It affords your committee great pleasure to inform you that your institution which was formed many years ago, for the relief of suffering and distress, is still continuing, in a most praiseworthy manner, its work of assisting persons who perhaps through no fault of their own have to turn for relief to their fellow men for assistance in their need. You will be able to opine from the House Surgeon's report, that the death rate has been rather high, but mostly all of the deaths have been from incurable diseases, and many we might say from senile decay.

The receipts from all sources have exceeded those of the corresponding period of last year by £153 6s 5d, and the expenditure is less by £559 13s 11d. This arises from there not having been any buildings erected, though the usual working expenses are in excess, chiefly by the higher price of provisions and increase of indoor patients from 127 to 180, giving a daily average of 56.23, and of outdoor patients from 122 to 186 who received 839 attendances.

We regret that the Government has not as get given any assistance in defraying the cost of the building erected last year which caused our overdraft to continue large, thus increasing the item of interest payable. We are still in hopes of getting some extra Government aid, but should such unfortunately not be the case we think that before the maturity of the deposits it would be wise to consider the advisability of their withdrawal for the purpose of liquidating the overdraft and so make a saving in the item of interest.

There is a subject referred to in the Inspector of Charities' last annual report viz.—That of the hospitals at Horsham and Nhill being supported by votes from the Councils of those districts, instead of collectors canvassing for private subscriptions which the inspector remarks has so far worked well, as no doubt it could be a saving in expense and at the same time render the support of such necessary institutions, we may say now forming part of our Australian constitution, more equally borne by the entire population than it is at present.

We have again to record our thanks to Drs. Syme and Jack, the Honorary Surgeons, for their valuable assistance, and to the proprietors and agents for newspapers and periodicals gratuitously supplied to the patients, also to several friends for donations of books and Christmas presents.

We also deem it only just to record the efficient manner in which the staff has performed its duties which have been very irksome of late, owing to the fever cases requiring such constant attention, most of them being from country districts without any friends to assist them.

A conference was held between the Stawell Borough and Shire Councils and your Committee, with regard to a sanatorium being built on Stawell, when it was decided that as the funds of each, all come from the same source, that to save expense the hospital should endeavour to receive cases of fever, etc., requiring only partial isolation, so long as there was accommodation in the institution, and that if any very special or dangerous cases occurred that the Borough and Shire Council would then promptly deal with them.

Our term of office having expired you will now have to appoint a new committee of management in accordance with Rule No. 2.

ALBERT HALLS.

PRESIDENT.

SUPPLEMENTARY REPORT.

FOR THE HALF-YEAR TO 30TH JUNE, 1890.

15TH AUGUST, 1890.

To the Governors, Subscribers, and Contributors of the Stawell Hospital and Benevolent Asylum.

The Committee beg to remind all friends of the Hospital and Benevolent Asylum that at the first of July, 1889, there was an overdraft at the Bank of nearly twelve hundred pounds.

During the year they have been obliged to withdraw £1856 8s 9d legacies left to the Hospital and lodged to its credit on deposit receipts, to pay for the Jubilee Ward, other needed enlargements and to meet sundry extra expenses; and now the Committee and Subscribers have to face these serious facts, that there is at present no reserve fund to draw upon, and that the expenditure exceeds the income by almost £500 a year.

What is to be done? We can not go on as at present.—Shall we reduce our Expenditure by refusing Admittance to the Suffering and Infirm? or shall we try to work the Institution with a smaller number of officers and attendants? The Committee would deplore having to take either course. They would the rather earnestly plead with the charitable to increase their subscriptions and lay it as an obligation on themselves to reduce if possible the expenditure and increase the income. They believe it can be done, and they bespeak the kindly help of all who can aid them in this praiseworthy undertaking.

The balance sheet for the year ending 30th June, 1890, shows an expenditure of £2514 15s. of which but £66 18s 9d. went for building and repairs, as compared with £2903 3s 10d. for the previous year, including £778 11s 6d. for new building and £56 5s. for repairs. The private subscriptions for 1888—9 amounted to .368 17s 11d. and we received in addition a legacy of £100; for this past year they amount £428 5s 8d. an increase of £59 7s 9d. while there has been an increased expenditure for maintenance of £378 18s 5d.

The cost of Medicines, Medical Comforts, fuel, light and provisions has been larger than that of the previous year, owing to the great increase in the number of Typhoid and other patients, 95 in, and 62 out patients more than in the previous year.

During the year Dr. Ruddle resigned his position as your Resident Surgeon, and his place has been filled by the appointment of Dr. J. Ramsay Webb, a gentleman well suited to the position and the work.

The best thanks of all the friends of the Hospital, as well of those of its aged and suffering inmates are due to the Honorary Surgeons for their willing response to all calls made upon them, and to those benefactors who gratuitously supplied periodicals, newspapers, fruit and other articles for the comfort of the patients.

We regret, in closing, to notice, by a New Zealand Exchange, that Mr. Robert Buchanan one of the first founders of our Institution died at few weeks since at Waipore (N. Z.) at the ripe age of 76, and gratefully observe that all through his life he was prominent as a friend and benefactor of the poor and suffering of his fellow creatures.

> A. I. PAYNE, PRESIDENT.
