THE
THIRTY-THIRD ANNUAL REPORT

OF THE
COMMITTEE OF MANAGEMENT

OF THE

Stawell Hospital and Benevolent Asylum.

FOR THE HALF-YEAR TO DECEMBER 31ST, 1891.

*To the Governors, Subscribers and Contributors of
the Stawell Hospital and Benevolent Asylum,*

“Your Committee, in bringing before you their thirty-third annual report, have pleasure in congratulating you on the present excellent financial position of the Institution. At the close of the year 1891 the available balance was £1081 10s. 2d., being £400 in fixed deposit and the residue (£681 10s. 2d.) to your credit in current account at the Bank of Victoria, of which latter sum £300 has since been placed at interest.

“Attention has been called to the Government Inspector's report on charitable institutions, where it is shown that the cost per head for daily average of in-patients and inmates is greater in the Stawell Hospital and Benevolent Asylum in comparison to eight similar institutions. We quote the following from a report sent in on the subject by the resident surgeon, Dr. Hopkins:—‘By reference to the particulars of the report, I think the matter may be readily explained, and good reason shown why such is the case. The Stawell Hospital and Benevolent Asylum is compared with eight other institutions in the colony which, like itself, are for both hospital and benevolent patients. The former class of patients

(hospital) are evidently very much more expensive under every head of expenditure, as they must need more nursing attendance, more medical comforts and drugs, surgical dressings and appliances, and the salaries will be much greater in a hospital than in a benevolent society, for in the latter a resident surgeon may not be necessary. The following table, made from the report of the inspector, gives the proportion of benevolent patients to the total number of in-patients, which includes both hospital and benevolent patients. It will be seen at once that, with the exception of Daylesford, the Stawell Hospital contains the least number of benevolents proportionally, or the greatest number of hospital patients, which are far more expensive than benevolents :—Benevolent patients.—Ararat, .50 of total number of in-patients; Belfast, .65; Daylesford, .18; Geelong, .68; Hamilton, .45; Maldon, .84; Portland, 1.00 (nearly); Stawell, .36; Warrnambool, .61. Another reason for the large expenditure is that the Stawell Hospital treats a large number of out-patients, which consume drugs in proportion to the number of attendances. From the report it will be seen that in number of attendances of out-patients the Stawell Hospital comes third, and no charge has been made to out-patients for medicine till the last few months. On this subject your Committee need only add that the alteration and reduction in the working staff of the Hospital did not come in force until after the report was issued; so now, with an efficient staff at a reduced expenditure, the average in future will show more favorably.

“ A supplementary balance-sheet for the past half-year will be placed before you, from which all details may be obtained.

“ As the offices of Secretary and Collector are now separate, you will be called upon to make certain slight alterations in Bye-laws 9 and 10 to meet the case. Great diversity of opinion has been shown as to the best means of remunerating the Collector—whether by salary, salary and commission, or commission only. The latter is now the mode employed, and there is every reason to believe that your present Collector, Mr. I. Newton, will, in his endeavours to augment the funds of the institute, prove successful.

“ Since the last annual meeting the Rev. Samuel Kelso resigned his seat on the board of management, and Mr. Thomas Kinsella was elected in his place. Dr. Webb, the former resident surgeon, resigned his position, and Dr. W. F. Hopkins has been appointed to fill the vacancy.

“ The thanks of all subscribers are due to the honorary surgeons for the services so willingly rendered at all times when called upon. The contributions of newspapers and periodicals and the welcome gifts at Christmas time have greatly added to the comfort and pleasure of the aged and infirm inmates. These and like generous and noble acts carry with them thanks greater than your Committee can give.

“ The close of our year's office brings on you at this meeting the duty of electing patrons, president, two vice-presidents, and a board of management for the current year.

“ R. W. CHALMERS GRIEVE.

“ PRESIDENT.”

SUPPLEMENTARY REPORT,

FOR THE HALF-YEAR TO 30TH JUNE, 1892.

“ 5th OCTOBER, 1892.

“ To the Governors, Subscribers and Contributors of the Stawell Hospital and Benevolent Asylum.

“ In presenting their report for the past year (July 1, 1891, to June 30, 1892) your Committee are glad to be able to state that the financial condition of the Hospital continues satisfactory.

“ The Credit balance at the beginning of the year was £859 8s. 7d., and at the close £1328 9s. 8d.

“ The actual receipts (which included those from the Ladies' Bazaar) were over £200 less than for the preceding twelve months. The figures for 1890-91, however, were greatly assisted by the proceeds from the Carnival.

“ The ordinary sources of revenue have been fairly maintained. Private contributions and Hospital Sunday collections show a slight decrease, but this is counterbalanced by the fees received from out-patients, which realised £30 1s. 6d.

“ This is the first opportunity we have had of noticing the full effect of the financial gain to the Institution by the small charge made to out-patients for medicine, as the regulation only came into force on January 1, 1891.

“ You will be pleased to notice that the expenses in connection with the working of the Institution have been still further reduced. The Expenditure (£1890 4s.) being £203 11s. 11d. less than last year, and £624 11s. less than 1889-90.

“ The principal savings are in salaries and wages, £138 13s. 1d. As, however, the Collector is now paid a high commission and no salary, it is necessary to add the increased amount paid in commission to the salaries and wages item to obtain a fair comparison. This shows that the changes under this head have resulted in a saving of £94 10s. 8d. The account for Provisions was £61 12s. 5d. less than for the preceding year. Of the expenditure for the year £136 18s. was for Buildings and Repairs, the actual cost of maintenance being the smallest for a number of years.

“ Whilst the Credit Balance at the close of the financial year is large, yet the greater part of this will be required for certain important additions and improvements to the Hospital, the necessity for which has long been recognised by your Committee, and are now being carried out at the urgent request of the Government Inspector.

“ In conclusion, we need hardly appeal for a continuance of the generous support so long given to this charity; and which we are confident will be as freely accorded in the future as it has been in the past.

“ R. J. E. HAYMAN,

“ President.”

11. And any contractor to the Institution, being a member of the Board, shall absent himself from its sittings while any subject relating to his contract is under consideration.

13. The Board shall have power from time to time to make, rescind, alter, or amend any bye-laws for the due management of the affairs of the Institution; but no such bye-laws shall be made, rescinded, altered, or amended, unless upon seven days' notice thereof being given to each member, and only upon being carried by a majority of two-thirds of a meeting consisting of not less than fifteen members of the Board.
