BALLARAT AND DISTRICT BASE HOSPITAL

(INCORPORATED)

(Established 1856)

Annual Report

OF THE COMMITTEE OF MANAGEMENT

FOR THE TWELVE MONTHS ENDED 30th JUNE, 1962.

To the Life Governors and Contributors.

Ladies and Gentlemen,

On behalf of the Committee of Management I have the honour to present the Annual Report and Financial Statements for the year ended 30th June, 1962.

SERVICE : The primary objective of the hospital is, of course, to provide treatment for, or attention to, any person suffering from any ailment or injury. In fulfilment of this objective the hospital has this year treated 5649 inpatients and 34,068 outpatients and the daily average of inpatients was 193.7.

There has been an acute shortage of available beds in most wards at various times during the year and it is evident from this that further progress with a major building programme is urgently needed. A prominent cause of this bed shortage is the fact that a large number of beds, in both the medical and surgical wards, is taken up by long stay patients. These patients fall into two categories, namely (a) aged folk unable to care for themselves and with no alternative accommodation available to them, and (b) long term accident cases (mainly motor car).

During the year, in line with modern practice, part of Ward 8 was reorganized as the Urology unit. This unit has proved most successful and has, in a very small way, helped the accommodation position in the other surgical wards.

It is pleasing to report that we have been able to recommence the Regional Physiotherapy Service and that the Department is now operating with a full staff. The Committee has also implemented a bursary scheme to assist young people to train as physiotherapists and plans by this means, to ensure an adequate number of trained personnel in the years ahead.

BUILDINGS AND EQUIPMENT : Many improvements were carried out in the year under review. The most important of these are listed below.

- (a) Complete air conditioning systems have been installed in the Theatre Block and in Eildon and Ward 4 Nurseries.
- (b) New high pressure steam sterilizers have been installed in Wards 1, 2 and 4.
- (c) A new dental clinic has been completed in the Outpatient Department.
- (d) Lounge and locker rooms have been provided for the Nursing Aides.
- (e) A new end loading Horscroft washing machine was installed in the laundry and the floor in the finishing section was completely resurfaced.
- (f) Staff dining rooms were remodelled and the old kitchen area converted to a general meeting room.

- (g) General renovations were carried out to the Casualty Department and central heating facilities were installed in all areas.
- (h) A covered walk way at first floor level is at present being constructed between the Queen Victoria Block and the Outpatients Department (to provide access to Outpatients floor from the Queen Victoria Block lift).
- (i) Medical Records Department was relocated in new area on Outpatients Floor. The general records systems have been reorganized and a new unit record system will be introduced in the new year.

In regard to future development the Committee is at present considering proposals to build a new three-storey building at the rear of and linking Eildon House and Yuille House. It is proposed that this building will house Casualty Department, Theatres and Children's Ward. If this proposal is implemented it will enable the hospital's wards and departments to be consolidated and reorganized along the Drummond Street frontage.

FINANCE : Ten years ago the total cost to run this hospital was £214,875. We see today that this annual maintenance expenditure has risen to £442,032. This doubling of costs in 10 years is not, of course, a factor common only to hospitals but is a condition prevalent generally in the community today. There are two main factors contributing to this increase in so far as the hospital is concerned, and these are firstly, increased labour costs and secondly, the expansion of existing services and the provision of new ones. If the hospital is to keep abreast of modern trends in the provision of specialised health services we must look forward to even greater increases in this latter factor in the years to come.

In the main, the money to meet these costs comes from Government grants and patients' fees. This fact is clearly revealed in financial statements elsewhere in this report.

STAFF : The Committee is deeply appreciative of the work of the hospital's staff during the last twelve months. It is only through their co-operation and their application to duty, in all departments, both by day and by night, that the hospital has been able to maintain its high standard of service to the public throughout the year.

HONORARY PROFESSIONAL STAFF : The Committee also records its thanks to the Honorary Medical and Dental Staffs for their attention to the patients and assistance in the Nurses' Training School.

Mr. M. H. B. Robinson retired as Honorary Surgeon at the beginning of the year and was appointed to the Honorary Consulting Staff. The Committee was pleased to tender him a reception in recognition of his association with this hospital over 23 years.

LIFE GOVERNORS : In recognition of services rendered, the Committee appointed the following as Life Governors :—

Mr. John Keith. Mr. F. Graham.

We were also pleased to appoint the following Honorary Life Governors:—
 "Mary-Helen" Auxiliary—Mrs. R. J. Buchanan, Mrs. C. W. Pennant.
 Ballarat Fire Brigade—Mr. G. G. Hill.
 Ballarat City Fire Brigade—Mr. C. Kauffman.

COMMITTEE OF MANAGEMENT: I extend to the members of the Committee my sincere appreciation of their co-operation and support during the year. Their regular attendance at both General and Sub-Committee meetings is undoubtedly a factor contributing to the efficient administration of the hospital.

Messrs. J. H. Heinz, M. B. John, E. G. Ludbrook and H. C. Tippet retire by effluxion of time and being eligible, offer themselves for re-election.

DONORS AND VOLUNTARY HELPERS: Finally, I must record our deep appreciation of the generous help that the hospital has received from its many supporters in the community.

Our thanks go to our splendid Auxiliaries — the "Mary-Helen," the "Hospital Younger Set," and the "Sunshine Circle," and to the people who have in turn supported their functions. Also to the Red Cross Society for the provision of blood bank and library services, the Ballarat Travellers' Social Club and the M. B. John Employees' Charities Group we say "Thank you for your help."

This year we held a public appeal to raise money to meet our budgetted commitments. The appeal took the form of a canvass of prospective donors. To carry out this canvass the Committee sought the assistance of a number of citizens who we knew to be interested in our activities. We are deeply grateful to these men who gave so willingly of their time and effort and so brought the appeal to a very satisfactory conclusion, and our appreciation is recorded in this report.

In conclusion I record our thanks to the Ballarat "Courier" for the co-operation and assistance it has given to us over the year.

R. ACHESON MUST, President.

Members of the Sunshine Circle with the ultrasonic shortwave therapy unit that they donated to the Physiotherapy Department.

Report on Nursing Services

The 18th Graduation Ceremony was held on the 4th May, 1962 in the Civic Hall.

The Graduates were entertained by the President and Members of the Board of Management to a dinner at the hospital prior to the function.

The Right Reverend G. T. Sambell, Co-adjutor Bishop of Melbourne presented the prizes and gave a very appropriate address.

Miss G. Commons was in charge of the Nurses' Choir and her careful training was reflected in the singing of several items by the Chior.

The Hospital's laundry processes approx. 800,000 lbs. of washing each year. It is a most important department.

LEGACIES AND OTHER GIFTS UNDER WILLS

The hospital is frequently thought of when people are making wills. The money thus made available is useful for furthering the development programme and, where possible and desired, perpetuates the name of the testator in connection with the project to which it is applied.

The Committee of Management gratefully acknowledges receipt of the following legacies during the year.
